WHAT OUR CUSTOMERS SAY:

"Amazing company that truly cares about their customers and takes pride in their work! Employees are friendly and have a great work ethic. Sales consultant, Mike, went above and beyond to make me feel comfortable with answering all my questions, so I felt I was making the right choice in product. The above and beyond, extremely knowledgeable, a lot of roofing experience, and positive attitude is what made me feel comfortable choosing Ferris as the right company for the job. They did an amazing job and I'm very happy! I would highly recommend this company to anyone needing a new roof/work done on their house."

- S. Boniwell, Wilmington DE

"Words cannot begin to explain this company. Professionalism from the first phone call. Mike was absolutely excellent during my initial consultation!! Then came Jim...knowledgeable, professional and very kind. I hired them to replace 27 windows, siding, gutters and downspouts. Jim and Tommy replaced 27 windows in 1.5 days. They are a great team!! My windows are absolutely fabulous!! Due to the rainy weather the siding is postponed for one day but the guys who are completing this job are excellent also. The captain of the siding crew explained everything and so far I am pleased with what they have completed.

I will be submitting before and after photos so that Ferris can post them!! I plan to be a Ferris customer for life." - L. Heygood, Chester, PA

"Matt, Jim, Alex, and the entire Ferris team were great!

My experience was wonderful from start to finish... professional and courteous throughout the process...

You took my diamond in the rough house and made it into the prettiest house on the block!"

- J. MacDonald, Wilmington, DE

HOME IMPROVEMENTS

Quality workmanship from a neighbor
you can trust.

Proud To Be Family-Owned & Operated For A Reason.

With over forty years of construction experience, the Ferris Home Improvements crew brings much more than skill to your home improvement project -- they also bring pride. Wilmington resident and President & Owner Walter Ferris puts it best: "My crew and I always approach each job as if it were at our own home. And because we only hire local craftsmen, we see our customers at the local ball fields, at the grocery store and the bank, so we never leave a job that I'm not proud to put my family name on."
